For SFA Homes

Defence Homes Colour Palette

The Defence Homes Colour Palette features light and versatile neutral colours. Letting you decorate your home in your own personalised style - without the need to revert to white when you move out.

Whites & Off-Whites

Warm Neutrals

Cool Neutrals & Greys

Light Greens & Sages

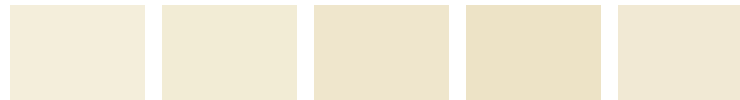

Light Teals & Blues

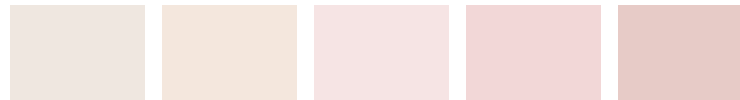

Top Tip: Don't forget to keep some of your chosen paint for any required touch ups.

Light Yellows & Creams

Light Pinks

Cool Neutrals & Greys

Cool neutrals and greys bring calm sophistication to living spaces, offering a versatile, timeless backdrop that allows you to introduce bold colours, striking textures, and statement décor with confidence.

Their subtlety allows you to experiment with bold accents, textures, and statement décor, giving your interiors personality and flair. Whether layered with soft furnishings, artwork, or contrasting colours, our palette empowers you to design spaces that are both elegant and reflective of your style.

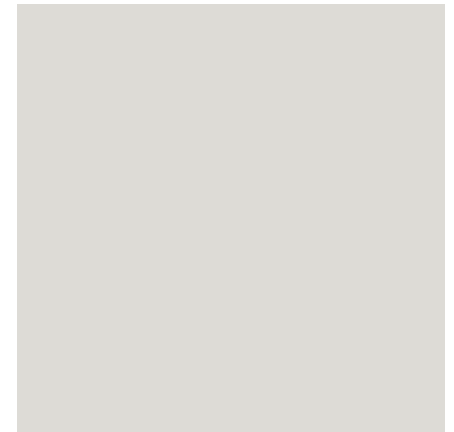

Mirrors and wall decor can make a space appear more open and reflect light

Perfect neutral canvas to show off patterns and prints

Warm lighting creates cosier spaces.

Add some colour through fabrics

Add some bold statement pieces

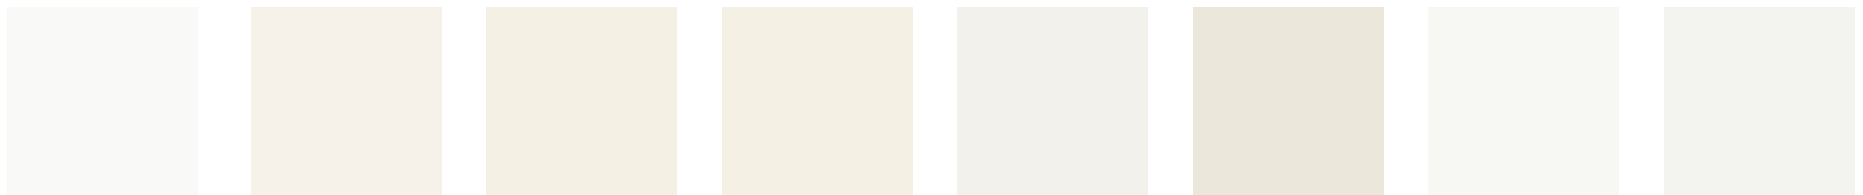

Warm furniture is a perfect contrast

Cool Neutrals & Greys
Cool neutrals and greys create sophisticated, calming living spaces, offering versatile, timeless backdrops that enhance light, texture, and modern or classic décor. Providing the perfect blank canvas for dining and living spaces.

Whites & Off-Whites

Whites and off-whites bring light, clarity, and a sense of spaciousness to living areas. These versatile shades create calm, timeless interiors, allowing furniture, art, and textures to stand out beautifully.

Our curated selection of versatile whites and off-whites create airy, serene spaces that feel both clean and inviting, making them perfect for living areas, bedrooms, and offices alike. Off-whites add subtle warmth, while crisp whites enhance brightness and reflect natural light. Together, they provide a neutral backdrop that complements any décor style.

Tranquil artwork is perfect for a bedroom space

Build up texture for a cosy feeling through layering textiles.

Accessories add personality and charm

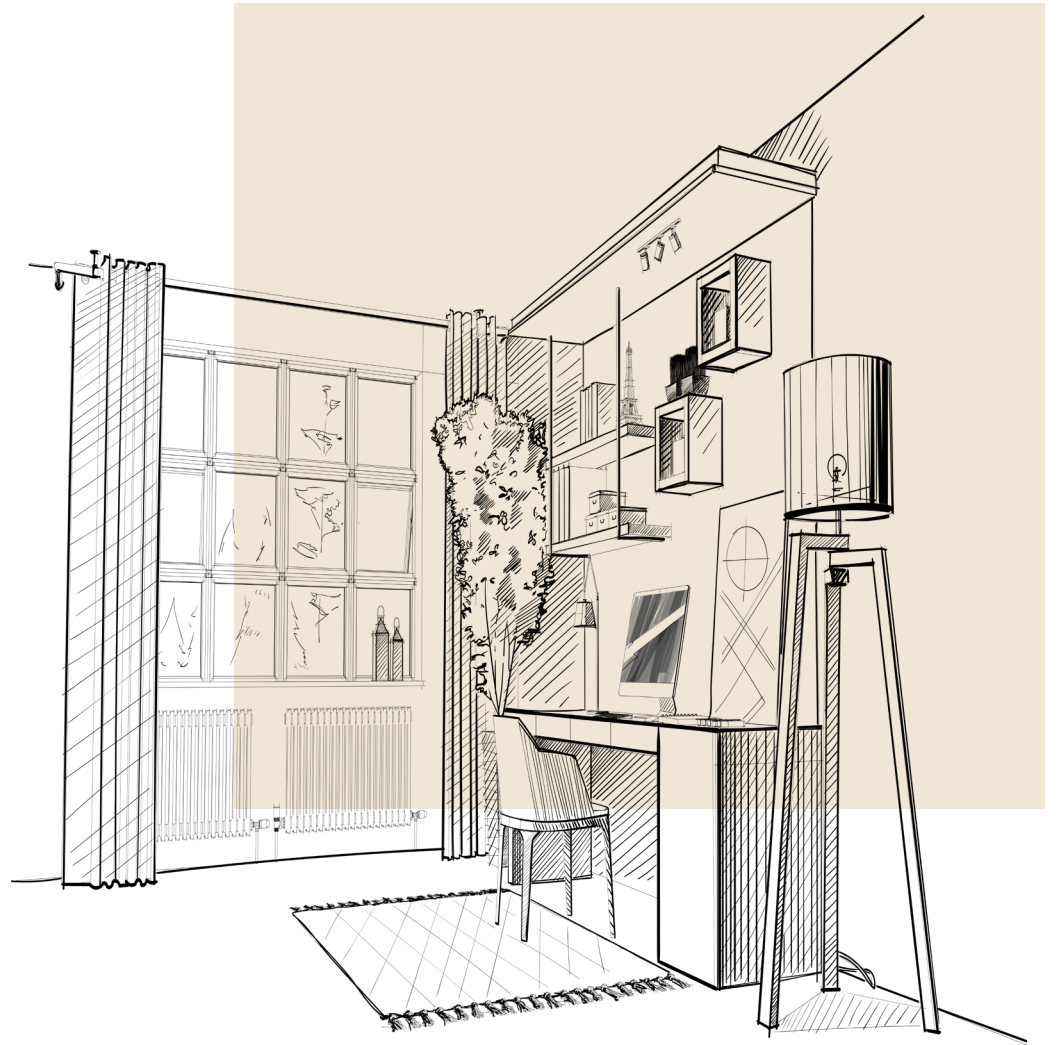

Adding fragrance to your bedroom creates a calming and inviting atmosphere

Whites & Off-Whites
Whites and off-whites create serene, restful bedrooms, reflecting light and fostering calm, airy spaces that feel timeless, clean, and peaceful.

Warm Neutrals

Warm neutrals bring comfort, balance, and understated elegance to living spaces. These versatile tones create cosy, inviting rooms while complementing any décor style, making interiors feel harmonious, timeless, and effortlessly welcoming.

These versatile shades provide the perfect calming backdrop and work beautifully in any room - from living areas, bedrooms to offices alike.

Bookcases are perfect to display your treasures

Pairs well with warm and comfy colours

Add some colourful and bold furniture

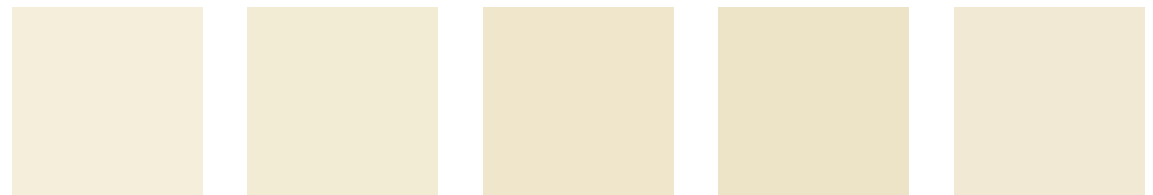

Greenery promotes a calming environment

Warm Neutrals
Warm neutrals create calm, focused office spaces, promoting productivity and comfort while offering timeless style that suits any work environment.

Light Yellows & Creams

Light yellows and creams bring warmth, brightness, and energy into living spaces. These uplifting tones enhance natural light, create a welcoming atmosphere, and offer timeless versatility for both modern and traditional interiors.

Light yellows add a subtle energy, while creams provide balance and versatility, working beautifully with a range of styles and finishes.

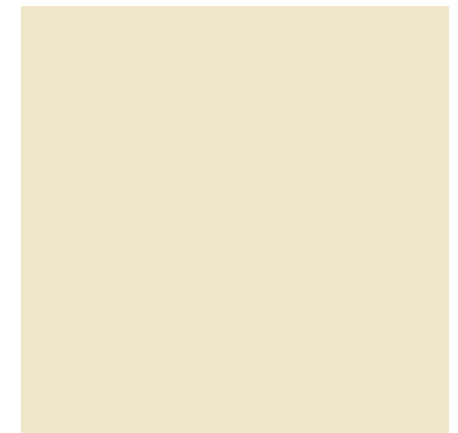

Add some metal accents

Add some removable sticky tiles and play with patterns

Add a bright pop of colour

Light Yellows & Creams
Light yellows and creams brighten kitchens with warmth and energy, creating welcoming, uplifting spaces that feel timeless, fresh, and effortlessly inviting. The perfect neutral canvas.

Light Greens & Sages

Light green and sage tones infuse living spaces with natural calm, freshness, and balance. These gentle hues reflect nature indoors, fostering tranquillity while offering timeless versatility that complements both modern and traditional interiors.

Perfect for living spaces, they encourage relaxation while still feeling stylish and versatile.

Pairs well with wooden features

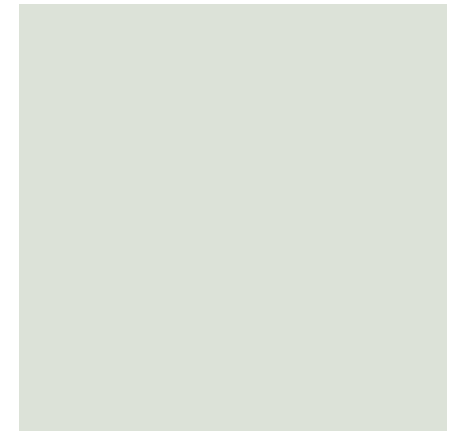

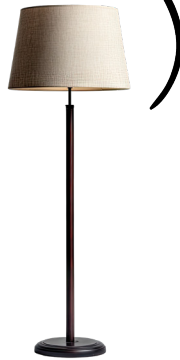

Add earthy textures

Add a bright pop of colour

Add some interesting accent lighting

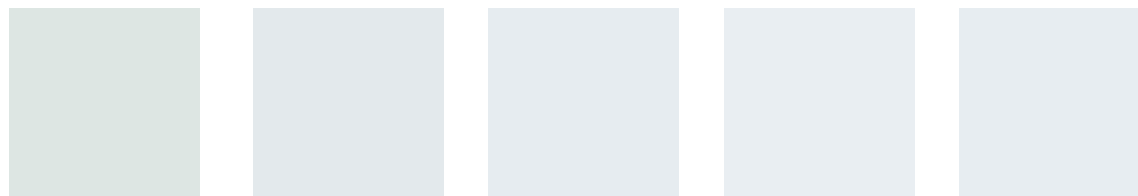

Pairs well with neutral decor

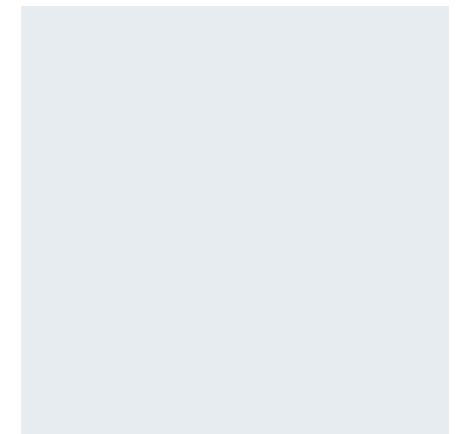

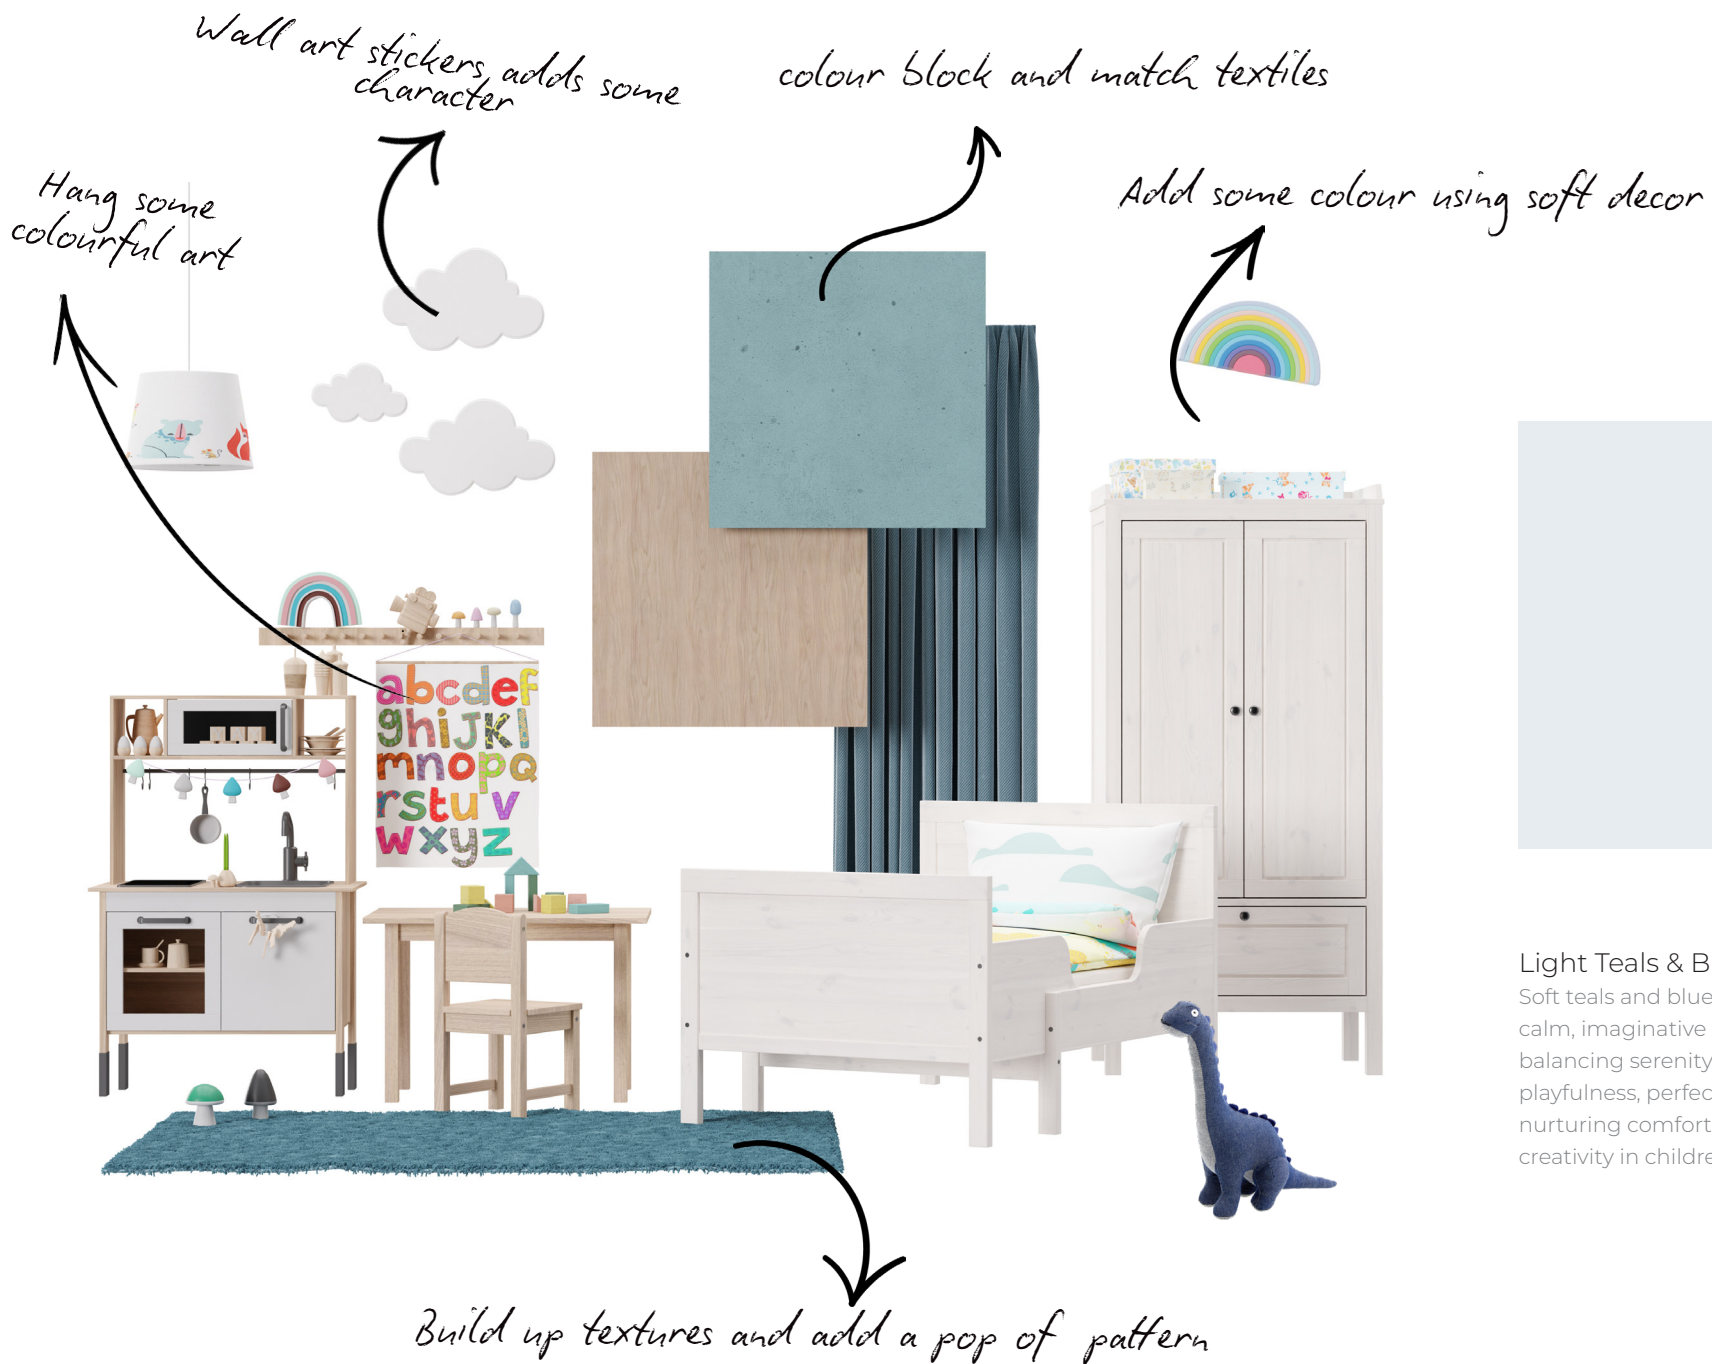

Light Greens & Sages
Light greens and sage bring natural harmony into living rooms, creating soothing, balanced spaces that feel fresh, inviting, and effortlessly timeless.

Light Teals & Blues

Light blues and teals bring freshness, evoking calm and openness while adding subtle vibrancy and character. These shades enhance natural light, creating welcoming, versatile rooms ideal for relaxation and connection.

Chosen for their timeless appeal and versatility these shades are ideal for a variety of spaces — from fun bedrooms to open living areas.

Light Teals & Blues
Soft teals and blues create calm, imaginative spaces, balancing serenity with playfulness, perfect for nurturing comfort and creativity in children's rooms.
